

# Contextual Analysis

Watch the 12min Video of 'Contextual Analysis' on [www.insightexchange.net/creating-conversations/](http://www.insightexchange.net/creating-conversations/)

**ENGAGE** | **THINK** | **TALK**

“It’s important to stress that everyone in this room is in these bubbles. We are all there – some of us in multiple bubbles...in this kind of a map we all have a place, we all have a role, we all have a part. Whether we want to take it up consciously or not.”  
Dr Allan Wade

“So that’s kind of great news, especially in the area of violence. Often people have this idea – ‘How do we stop a perpetrator of violence when we are not even there?’ Whereas what we are actually saying is ‘It doesn’t matter where you are in these bubbles, we all have a role, we can all do something, we can all do something in fact to make things substantially better.’”  
Dr Linda Coates

“All of us, all the time, are engaged in seeking and providing responses to other people. That’s just inherent in life. Within the first 48hrs of birth infants and mothers are taking turns – we are learning reciprocity right away....We are always engaged with one another giving one another meaning. In other words, the suffering of human beings is always mediated through the responses of others. It is never individual.”  
Dr Allan Wade

What surprised you? | What did you appreciate about that? | What might you reflect on?
