

Insight Exchange

Update 15

Insight Exchange Foundation

This month, [DVSM took steps to extend its work](#) by establishing **Insight Exchange as a Foundation**. Launched in Nov 2017, Insight Exchange is designed to strengthen social, service and system responses to people experiencing domestic and family violence. Insight Exchange is owned and governed by Domestic Violence Service Management (DVSM) as a registered charity and is funded through the generosity of donors who seek to take this work forward.

Are you new to Insight Exchange? Read the new [About Insight Exchange flyer](#)

Insight Initiative

My Lived Experience

Participation in IE interviews

Currently, we are seeking expressions of interest from people with lived experience of [domestic and family violence](#) involving [financial abuse](#).

If you are interested in participating please complete the [Expression of Interest form](#).

Please note, that an Expression of Interest can only be submitted by the person wishing to participate and cannot be submitted on behalf of another person. If you would like more information about what to expect when you participate in Insight Exchange, please read our [Participant Information Pack](#). Interviews are continuing during and beyond COVID-19 [Link here](#)

My Shared Insights

New Insights on the website

The following insights are based on interviews with people with lived experience of domestic and family violence focused on the financial abuse they experienced. The initiative to conduct the interviews was from an informal pro-bono collaboration by Rosie's Place, WASH House, and the Mt Druitt Family Violence Team. The narratives were provided by the individuals for the benefit of others.

The interviews were conducted by Rosie's Place and the narratives were assembled by the Insight Exchange team.

Brittany 'I was like the ATM.'

Renee 'Once I gave up work, my control went.'

New Opportunity

New Participation Project:

Are you supporting people with lived experiences of domestic and family violence whose voices are less heard?

We are inviting people who have experienced domestic and family violence to share their de-identified experiences through Insight Exchange short form interviews.

By drawing from concepts within **Follow My Lead**, and using **response-based practice** informed questions, we will interview participants through the structure of **My Safety Kit**. We will present the deidentified insights in the format of an example copy of My Safety Kit to inform social, service and system responses.

The opportunity will be offered to 5 participants.

If you or your organisation is interested in engaging people you support in this opportunity [contact the IE Team](#).
