Distribution Sponsorship Terms and Conditions

In an effort to support social, service and systemic responses to domestic and family violence, Insight Exchange Foundation is:

- ✓ covering the cost in-kind to produce the distribution sponsor copy for you which includes placement of the distribution sponsor's logo on the back cover
- ✓ providing you with a print-ready file and an eCopy hosted on www.insightexchange.net

Costs for any print run, distribution and related communication remain the cost of each organisation at their own lead.

Insight Exchange materials cannot be used for commercial purposes or sold. Under no circumstances can a purchase fee be applied to Insight Exchange resources as these have been designed to be free for any and all readers to remove cost barriers.

In the application we will ask:

- If you have permission to use the logo and will ask you to upload the logo
- about your intended distribution reach/scope.
- about your consent to keep in touch about your use of the resource (its usefulness and any feedback),
- If you would like to be included in receiving Insight Exchange Updates.

Disclaimer: Whilst great care has been taken to do no harm and to improve responses, the Insight Exchange Foundation and the contributing organisations assume no responsibility for how the information in Follow My Lead or My Safety Kit is used.
