Voices of Insight Collection (New)

Voices of Insight Collection | Artist Statement
I am grateful and glad if the image above is an artistic response that leads to the consideration of understanding time, a linear approach to time. From the micro-seconds between the acts of violence, to dipping toes into other planes of time and existence where dissociation might reside. Time, memory, longevity and the acts of violence are intricately expressed in this collection. (Collaborating Artist Louise Whelan)

© Insight Exchange | [Voices of Insight Collection](#) | Artist Louise Whelan

The [Voices of Insight Collection](#) is a series of original artworks inspired by the Insight Exchange Voices of Insight narratives. The initiative is designed to illuminate visual metaphors and symbols used by Insight Exchange participants as part of how they describe their lived experiences of domestic and family violence to inform social, service and systemic responses.

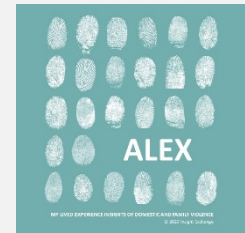

Each of these artworks was developed by collaborating Artist Louise Whelan and is informed by the participants who shared their insights. Each image links to the full Voices of Insight narrative.

Read more about the intention of the [Voices of Insight Collection](#) with collaborating [Artist Louise Whelan](#)

Lived experience insights (New)

We have started the short-form interviews with participants shaped around the structure and focus areas in My Safety Kit.

[My Safety Kit](#) - is a reflection resource that speaks in the voice of the reader who may be reflecting on their own relationships and (possible) experiences of domestic and family violence

“[Alex](#)” has shared some of her deidentified experiences, insights and reflections, mapped against questions and focus areas explored in the Insight Exchange My Safety Kit resource.

Animations coming soon

My Safety Kit

In mid-Dec we will be sharing with you 3 new short animations about My Safety Kit:

- Introduction for responders
- Introduction for people with lived experience
- Decision making tool in focus
