

Insight Exchange | Strategic Framework | 2021- 2022

The **Insight Exchange Strategic Framework** sets the vision, purpose, scope, inputs, outputs, outcomes and accountabilities for the Insight Exchange work. We would like to thank all contributors who provided feedback into the development of the framework.

My Shared Insights

A focus on financial abuse

Insight exchange hosts a series of narratives based on interviews with people with lived experience of domestic and family violence focused on the financial abuse they experienced. The initiative to conduct the interviews was from an informal pro-bono collaboration by Rosie's Place, WASH House, and the Mt Druitt Family Violence Team. The narratives were provided by the individuals for the benefit of others. The interviews were conducted by Rosie's Place and the narratives were assembled by the Insight Exchange team.

Read the latest narrative we have published:

Maryam "I told you three years ago that you need to leave that man".

Read the other 'focus on financial abuse' narratives on the [Voices of Insight](#) page or the [supporting my independence](#) page.

Domestic and family violence & acquired brain injury

In 2017-2018 Domestic Violence Service Management (DVSM) undertook a project focused on the intersection of domestic and family violence (DFV) and acquired brain injury (ABI). In July 2018 the project report was launched to a constellation of [84 attendees from 49 organisations](#).

Subsequently the project report and related materials were hosted on the [DVSM website](#) and remain available to support broader engagement and access for other colleagues, services and systems.

DVSM had committed to developing four responder resources (listed below) as a further output from the project. These resources are now live as of Feb 2021. The resources distil foundational information for responders and are not exhaustive.

- [DFV ABI Resource 01: DFV & ABI Summary](#)
- [DFV ABI Resource 02: DFV & Concussion/m-TBI \(mild Traumatic Brain Injury\)](#)
- [DFV ABI Resource 03: DFV & Strangulation](#)
- [DFV ABI Resource 04: DFV & Neurocognitive Difficulties](#)

DVSM and the Insight Exchange team invite you to use these resources now hosted on the DVSM website and to evolve these in your good work.
