The scenarios have been developed to support understanding of and responses to domestic and family violence.

We invite you to draw from these examples to inform and evolve your good work.

Explore Practice Exchange (Australia) – 5 scenarios (in print format) and [portfolio](#) of reflections

Example #1 | A young woman with children is experiencing domestic and family violence. She has self-referred and this is her first face to face appointment with a staff member at the Domestic and Family Violence Specialist Service. ([Page 12 - 20](#))

Example #2 | A young women talks with a Counsellor about her dad. ([Page 27 - 31](#))

Example #3 | 'Samara' presented to the Emergency Department in a local health district. ([Page 38 - 43](#))

Example #4 | Women's Domestic Violence Court Advocacy Support receives a person's details from the police. They are to make a phone call to the person and complete the Domestic Violence Safety Assessment Tool (DVSAT). They have a limited time frame. ([Page 51 - 60](#))

Example #5 | A counselling client is 'ambivalent' about leaving her partner where there's been a history of verbal, physical and emotional abuse - a few sessions in ([Page 68 - 73](#))

Explore the Pedagogical Theatre (Sweden) – 3 scenarios (in video format) and supporting guide (in English)

- Eva being interviewed by a **police officer**.
View [version 1](#) | View [version 2](#)
- Sarah being interviewed by a **child protection social worker**.
View [version 1](#) | View [version 2](#)
- Eric being interviewed by a **psychologist**.
View [version 1](#) | View [version 2](#)

The scenarios can be played with English subtitles.

The [supporting guide](#) is in English and provides context and reflection questions about the scenarios.

The films and support material have been produced with the support of the County Administrative Board of Norrbotten and the Swedish Gender Equality Agency.
